

# Our Products & Services

## Builders Risk

New Construction and Renovation projects. Our program offers the most comprehensive coverage and financial protection for contractors, construction managers and owners against property losses for projects valued up to \$100 million or more.

## Restaurants

High-end restaurants, Casual Dining, Fast Food franchises, Bars & Taverns- we have the market access to meet the unique needs of your client's risk

## Real Estate

Real Estate is a dynamic industry vulnerable to every-day risks from natural hazards and to complex challenges arising from contractual obligations, environmental exposures, and more. Whether it's a small main street account, or a large complex risk, we have the products to find the right market that will tailor to the client's needs.

## Habitationl

When it comes to insuring multi-unit residential properties, there shouldn't be a one-size-fits-all approach. Whether it's an apartment building, brownstone or 1-4 family rental, we have access to markets that will provide comprehensive coverage and a customized policy based on the individual risk.
