

## GoTo Webinar System Requirements and Quick Help Links

We will email the link to access the webinar by 8:00 a.m. the morning of the program. These emails are sent to the individual registered. We recommend joining the webinar 20 minutes prior to the start of the broadcast in case any issues are encountered. Please use the links below for self-help.

### System Requirements

<https://support.goto.com/webinar/help/system-requirements-for-attendees-g2w010003>

### Check your system compatibility automatically

[System check for Standard \(formerly called "Classic"\) webinars](#)

If the event registration page has a note stating the webinar or event uses videos, you will need to test with this link:

[System check for Recorded \(formerly called "Simulated Live"\) webinars](#)

**You can Try a Test Session by clicking on one of the above System Check links.**

**If you still have questions, contact us.**
