

OVERVIEW OF THE RLI HOME BUSINESS INSURANCE POLICY

Your customers need business coverage if they sell a product or service. Generally coverage options on the homeowners policy are inadequate.

The RLI Home Business Insurance Policy has provided affordable coverage tailored for home-based businesses for over 20 years, and can provide your customers peace of mind.

Benefits include:

- Coverage for business personal property away from the premises location. Policy endorsement provides coverage to business personal property which is temporarily at a premises an insured may lease, operate or occupy.
- Coverage limits available up to \$100,000 for the business personal property while at the location and temporarily off location.
- · Package Policy priced for home-based businesses.
- Many business classifications include coverage endorsements designed to tailor coverage for business operations being conducted.
- Up to \$1,000,000 in business liability coverage with aggregate limits at two times the per occurrence limit.
- Liability limits follow the insured's business operations conducted within the U.S. and provide for losses which result in bodily injury, property damage and personal and advertising injury.
