

HOME BUSINESS INSURANCE

WE'RE TAKING A NEW LOOK AT THE OFFICE PROFESSIONAL

The **Home Business Insurance (HBI)** program is available for professionals who provide their services out of their residence or temporarily away from their residence.

Professionals who carry a professional liability policy can be referred to our underwriting staff for review. Referral inquiries should include a copy of the current professional liability policy. Renewals will require proof of professional liability coverage.

The Home Business Insurance policy is based on the ISO BOP Policy and excludes professional liability. The HBI policy provides comprehensive coverage for the business personal property used in the professional's day-to-day operations, along with business general liability coverage, medical expenses for customers injured on the professional's premises, business income/interruption coverage and many other valuable BOP coverages.
