

Anti-Trust Statement for Local Association Meetings

The statement below should be included in the minutes for each meeting.

[Local association name] and all its project committees will operate consistently with the federal and state antitrust laws and the **[local association name]** anti-trust compliance statement. Its purpose is to exchange viewpoints on industry and public policy issues to help agents and brokers serve their customers better. We will avoid questions directed toward the competitive strategies of individual companies and agents particularly in the marketing and pricing areas. If questions stray into anti-trust sensitive areas, individual members are asked not to respond to them and the presiding officer should immediately cut off discussion.
